Game Management Unit 14A Goat Registration Hunts

RG890 & RG891 Closed October 13, 2026

(Palmer) – The Alaska Department of Fish & Game (ADF&G) announces that all resident and nonresident registration goat hunts in the Game Management Unit (GMU) 14A portion of the Chugach Mountains (RG890 and RG891) will be closed by emergency order (R4-8-26) at 11:59 pm on Tuesday, October 13, 2026.

As of October 12, 2026, hunters harvested **9** billies, **1** nanny, and **1** to be determined (11 goats) out of a quota of 12 goats in the Chugach Mountains drawing permit hunts DG890 and DG891, and registration hunts RG890 and RG891. Annual harvest quotas are based on 7% of the 3-year average minimum count of adult goats in the hunt areas. The 3-year average number of goats seen during minimum counts is 171 yielding a harvest quote of 12 goats, of which up to 4 can be nannies. To prevent exceeding the harvest quota, ADF&G is closing all goat hunts in GMU 14A.

Successful hunters must report their harvest within **2 days** by phone (907-746-6322), or in person at the ADF&G office in Palmer or Anchorage. Successful hunters must also bring the horns and hunt report to the Palmer or Anchorage ADF&G office within **10 days** of harvest to be sealed.

Unsuccessful hunters or those who did not hunt must report within 15 days of the close of the season.
