(Office Use Only)

FISH HABITAT PERMIT APPLICATION

Alaska Department of Fish and Game - Habitat Section
[Office Locations](#)

For approval of a project or activity within fish-bearing waters pursuant to the Anadromous Fish Act at AS 16.05.871 and Fishway Act at AS 16.05.841

A. APPLICANT

Name: _____

Company: _____

Address: _____

City / State / Zip: _____

Email: _____ Phone: _____

Point of Contact / Agent: _____

Email: _____ Phone: _____

B. LOCATION OF PROJECT SITE

Project Location:

Township	Range	Meridian	Section(s)
Latitude / Longitude (Decimal Degrees)			

Water body Name: _____

Anadromous Water Body Number: _____

See Alaska Department of Fish and Game's [Anadromous Waters Catalog](#) for water body number.

Water body Characteristics:

Width: _____ Depth: _____

Substrate Type (Boulder, cobble, gravel, sand, mud, etc.): _____

Stream Gradient: _____

C. DESCRIPTION OF THE PROJECT OR ACTIVITY

Please attach complete plans and specifications necessary to fully describe the scope of the proposed

project or activity, including the following information:

- The purpose of the project or activity.
- The timeframe for the project or activity, including the specific time periods for any in-water work.
- A description of construction methods, types, and quantities of equipment.
- A list of fill and/or excavation quantities, including the types of materials and the source.
- A detailed map or plan view, drawn to scale, and any cross-sectional views necessary to show project features including the location of all facilities, project dimensions, and access to the project area.
- Vegetation for stream bank restorations.
- A current photograph or aerial imagery of the project location.

D. PROJECT SPECIFIC QUESTIONS

Please fill out the applicable sections below. A list of best practices for commonly authorized activities can be found at our [Habitat Permits website](#).

a. IN-WATER WORK

Will you place a structure or any fill below ordinary high water? ☐ Yes ☐ No

Type and amount: _____

Will you be installing a culvert? ☐ Yes ☐ No

Dimensions and embedded depth: _____

Will you remove material from below ordinary high water? ☐ Yes ☐ No

Type and amount: _____

Will you alter the bed or banks of the water body? ☐ Yes ☐ No

How? _____

Will you use tracked or wheeled equipment below ordinary high water? ☐ Yes ☐ No

What type? _____

Will you drive piles below ordinary high water? ☐ Yes ☐ No

How many and what type? _____

Pile installation method: ☐ vibratory hammer ☐ impact hammer ☐ drilled

☐ other: _____

Will you divert the water body around the work area? ☐ Yes ☐ No

How long will the water body be diverted? _____

How will you divert the water body? _____

Will you be placing a coffer dam or silt fencing to isolate the work area? ☐ Yes ☐ No

Will you dewater the work area with a pump? ☐ Yes ☐ No

Who will trap fish and remove them from the work area? _____
Capture and relocation of fish will require an [Aquatic Resource Permit](#) from the ADF&G Division of Sport Fish.

b. WATER BODY CROSSING

When do you propose to cross the water body? _____

What type of vehicles or equipment will cross the water body? _____

How many crossings (one-way) will be required? _____

Will you build ice / snow bridges for winter crossings? ☐ Yes ☐ No

c. WATER WITHDRAWAL

Pump intake sizes (inches): _____ Maximum pumping rate (gpm): _____

Total daily amount (gal): _____

Water withdrawn from fish-bearing water bodies will require appropriate intake screening to avoid impacts to fish. Screening criteria can vary by location depending on the species of fish and life stages present at the time of withdrawal. Contact the [Habitat Section](#) for more information on intake screens.

Intake screening specification (attach photos if available): _____

Please attach plans, specifications, aerial photographs, site rehabilitation plans, or other information in support of your application. Submit your completed application by mail, email, or in person at the appropriate [Habitat Section office](#).

I HEREBY CERTIFY THAT ALL INFORMATION PROVIDED ON OR IN CONNECTION WITH THIS APPLICATION IS TRUE AND COMPLETE TO THE BEST OF MY KNOWLEDGE AND BELIEF.
